

Filling out the Form: Please completely fill out this form and include it with your repair. Use one form for each rod, blank or reel to be repaired. Including your email will allow us to notify you upon receipt and completion of the repair.

Packing Instructions: Please package your item in a cardboard tube, box or other suitable container. We recommend you do NOT send it in the original tube. If you are sending in a reel, please include any extra spools and remove all line. If you only have a broken tip, please send us the 4-5" from the bottom of that section that includes the (female) ferrule. Before deciding to send us just the tip ferrule, assess the rest of the rod for damage; if you have any other concerns, simply send us the entire rod including any broken pieces. The best way to send a ferrule is to ship it in a padded envelope or other similar packaging (a regular paper envelope is not tough enough to guarantee safe passage).

Repair Fees: The original owner will be responsible for a \$75 fee for each rod (\$40 for each reel) repaired to cover the repair processing and handling fee. We accept major credit cards (Visa, MasterCard, American Express, Discover), check or money order. These should be made out to "Sage". If you are not the original owner, are missing a complete section or have a rod stamped DEMO, you are encouraged to contact Sage for more specific information on how to proceed with the repair. An **online repair is a less expensive alternative** to using this form. Instructions are located at: <http://www.sageflyfish.com/about/product-repair/>

Important Shipping Instructions: When sending your products to Sage, it is highly recommended that you use a carrier with trackable and insurable shipping.
